PREMIER AWARD AND MICK SMITHSON SHIELD WINNER 2018: STRENGTH WITH STYLE BY HELEN COOPER

Saturday 10th November 2018

At Ditton Community Centre, Kiln Barn Road. Aylesford, Kent. ME20 6AH

Welcome from the KCPA President

Tracy Hughes CPAGB LRPS BPE1*

On behalf of the Kent County Photographic Association it gives me pleasure to welcome you all to the 68th Ross Cup competition.

Many thanks to all the 36 clubs that entered our prestigious print competition, good luck to you all.

The KCPA appreciates the time taken to make your selections to enter into the competition, and. I am sure those that have view the images on display today will appreciate your efforts also.

Each year I am amazed at the high standard of prints entered and I felt proud to present them to our judge for his selection. I spent a most enjoyable day with our judge Mark Buckley-Sharp and his wife Judy, whilst he scored all the images.

Mark had 288 prints from which to choose a maximum of 10 Merit awards, along with the Premier Award and Mick Smithson Shield for the best print entered and the Lakelands Holidays Landscape Trophy for the best landscape print entered.

I am pleased to welcome our judge for this year's Ross Cup, Mark Buckley-Sharp ARPS CPAGB APAGB

The Ross Cup 2018 goes to joint winners, Beckenham Photographic Society & Maidstone Camera Club who if acceptable to them, will go on to represent the KCPA at the PAGB Inter Club competition in 2019. The KCPA wishes both clubs the best of luck in the competition, I know they will do us proud.

The KCPA would like to thank all the clubs that participated in the Ross Cup 2018, and thanks also go to all of the people that took the time to visit Ditton Community Hall, and view the Prints and hear the comments by our judge Mark Buckley-Sharp ARPS CPAGB APAGB

Comments from our judge, Mark Buckley-Sharp ARPS CPAGB APAGB

It has been a privilege to judge the Ross Cup, and a pleasure to see all the excellent images produced by members in KCPA. I favour allowing all club members to take whatever subjects interest them, but we know that certain genres are more popular. Of the images in this collection, I noted that there were less Nature than commonly seen, a few Sport, quite a number of pastel Landscapes and then the wide range we all enjoy.

Photography has innumerable purposes, but underlying all are components of art and of craft. I try to view each image as evidence of the photographer's achievement regardless of subject matter. The approach to each type of subject can vary widely from abstract fiction to rigid reproduction, and it's a question of whether the approach is appropriate and, desirably, inventive. Every subject and situation has its photographic challenges to be overcome. Those, together with the ultimate presentation make up the art and craft of photography.
